

FICPI SWEDEN

Afternoon Seminar on

The Swedish Patent and Market Courts (PMD/PMÖD) – experiences and observations on the first year's operation, and

The long awaited Unitary Patent System in Europe and the Unified Patent Court – what is to be expected and what are we waiting for?

Stockholm, 23 November 2017, Westmanska Palatset

Invitation

FICPI SWEDEN is the Swedish part of FICPI which is an international organization, with members from more than 80 countries. FICPI works for patent and trademark attorneys in private practice, with issues relating to their daily work as well as IP law issues on a global scale. The membership in FICPI SWEDEN, forming a part of FICPI International, provides a global network of IP professionals, and a possibility to understand and participate in the development of IP law throughout the world.

FICPI SWEDEN runs regular seminars in Sweden focusing on current issues and trends in IP. The speakers include FICPI members from other countries, within and outside Europe. The seminars are open to all, but FICPI members enjoy a reduced registration fee.

Now, at the upcoming seminar in connection with our annual meeting, we will go back and continue to discuss:

- the new Patent and Market Courts which have been in operation in Sweden for about a year, and
- the new system for European Unitary Patents – being still on hold.

See attached general information and detailed Program. You will note that we have a large number of very prominent and well-informed speakers who will share their views with us.
