

FICPI SWEDEN

FICPI SWEDEN is the Swedish part of FICPI which is an international organization, with members from more than 80 countries. FICPI works for patent and trademark attorneys in the free profession, with issues relating to their daily work as well as IP law issues on a global scale.

The membership in FICPI SWEDEN, which is a prerequisite for membership in the international federation of FICPI, provides a global network of IP professionals, and a possibility to understand and participate in the development of IP law throughout the world.

FICPI SWEDEN runs regular seminars in Sweden focusing on current issues and trends in IP. The speakers are predominantly FICPI colleagues from other countries, within and outside Europe.

The seminars are open for all, but FICPI members enjoy a reduced registration fee.
